

Nebraska Department of Environmental Quality Brownfield's Program

Charlene R. Sundermann, Brownfield Coordinator

Nebraska Department of Environmental Quality

Problem?

Or

Potential?

General Redevelopment Process of Brownfield Sites

1. Identify Brownfield
2. Assess/Investigate Brownfield
 - Phase I/II Environmental Site Assessment.
 - ★ Confirm or refute the presence of contamination

General Redevelopment Process of Brownfield Sites

3. If necessary, additional investigation & cleanup of a Brownfield site can be done under the NDEQ's Voluntary Cleanup Program (VCP).
 - * The VCP is a fee based program that helps guide a site through cleanup and to a No Further Action status.
 - * Eligible cost under EPA's Cleanup Grant
4. Redevelop property

NDEQ's Assistance to your EPA Grant Application

- ❖ Review Drafts of your grant application offering editing and ideas for improvement.
- ❖ Provide a formal letter of support – a requirement for your application.

NDEQ can best help your EPA Grant Application when....

- ❖ A few months in advance....we can suggest “*actions to take*” to improve your grant application
- ❖ Allow time for multiple iterations, we may be reviewing more than one grant application.
- ❖ Make it stand out; box in or break it up, make it visual appealing

Most common improvements

- ❖ Follow the guidelines, address each criterion individually.
- ❖ Describe your budget in detail.
- ❖ Paint a verbal picture of your brownfields community. Follow it up with statistics.

Most common improvements

- ❖ Tie the beginning need to the end story.
- ❖ Explain why this project is so important for the community. Make the reviewer cry.
- ❖ Be concise. Maximize impact. Your reviewer has very little time. They may be from a different part of the country.

NDEQ's Assistance to your EPA Grant Application

- ❖ To find other possible brownfield sites in your community visit:

What can NDEQ do to help if you are not ready to apply this year?

- ★ NDEQ's Section 128(a) program provides assistance to assess and clean up brownfield sites (clean up money is very limited) at no cost to the community
- ★ NDEQ typically does not provide money. NDEQ uses our contractors to perform the S128(a) investigation
- ★ NDEQ is available to meet and discuss the Brownfield and Voluntary Cleanup Programs
