Meet the new faces in engineering!

New faculty join College of Engineering between fall 2013 and fall 2014

At left, left to right:
- Bin Liu, CHE, asst. professor; Ph.D., chemical engineering, Colorado School of Mines
- Placidus Amama, CHE, asst. professor; Ph.D., environmental engineering, Yokohama National University, Japan
- Stacey Tucker, CE, asst. professor; Ph.D., civil engineering, Texas A&M University
- Shannon Casebeer, ARE/CNS, instructor; B.S., construction science, Kansas State University
- Katie Loughmiller, ARE/CNS, instructor; B.S., construction science, Kansas State University
- Hitesh Bindra, MNE, asst. professor; Ph.D., nuclear engineering, University of Illinois
- Melanie Derby, MNE, asst. professor; Ph.D., mechanical engineering, Rensselaer Polytechnic Institute
- Trisha Moore, BAE, asst. professor; Ph.D., biological and agricultural engineering, North Carolina State University

At right, left to right:
- Jeremy Roberts, MNE, asst. professor; Ph.D., Massachusetts Institute of Technology
- Dan Flippo, BAE, asst. professor; Ph.D., mechanical engineering, University of Oklahoma
- Dave Thompson, ECE, asst. professor; Ph.D., biomedical engineering, University of Michigan
- Ajay Sharda, BAE, asst. professor; Ph.D., biosystems engineering, Auburn University
- Tim Burg, ECE, professor; Ph.D., electrical and computer engineering, Clemson University
