Upcoming events

2/10 — Engineering Career Fair, day one
2/11 — Engineering Career Fair, day two
2/12 — Working with Industry Boot Camp
        Alumni Center Banquet Room C
        Noon - 4:15 p.m.
2/13 — ENGG graduate student social
        Frith Community Center, Jardine
        5:00 - 6:30 p.m.
2/16 — Frankenhoff Award nomination deadline
2/24 — Working with Industry Boot Camp
        Alumni Center Banquet Room C
        2:30 - 4:30 p.m.
3/1 — Graduate Student Council travel award application deadline
3/2 — The Library and Your Research: Using Zotero
        407 Hale Library, 1:30 - 2:30 p.m.
3/5 — Tips for editing technical documents, workshop for ENGG graduate students
        226 KSU Union
        10:00 - 11:30 a.m. or 1:00 - 2:30 p.m.
3/5 — ENGG faculty meeting on research
        Fiedler Auditorium, 3:30 - 5:00 p.m.
3/10 — Eyestone Lecture, Carl Ice
        Fiedler Auditorium, 1:30 - 2:30 p.m.
        Reception following
3/10 — Working with Industry Boot Camp
        Little Theatre, Union
        2:30 - 4:30 p.m.

A note from Associate Dean Schulz

Welcome to our inaugural Engineering Research and Graduate Programs internal newsletter. Its goal is to share snippets of activities, accomplishments and news in the College of Engineering related to research, graduate programs, Global Campus and safety activities.

Our office is working hard to assist engineering faculty, staff and graduate students in their various endeavors. Check out our website on services, policies and activities for options available that you might not be aware of. The back page of this newsletter features our staff and their contact information.

In this issue, we highlight ERGP’s financials for the last two years, showing how we have supported faculty, staff and graduate student programs. Next we highlight a recent large NSF grant, our graduate student networking events and recruitment, and a safety update.

Some important dates for the spring semester include the Eyestone Lecture by Carl Ice on March 10 and the Undergraduate Poster Forum on April 30. Please encourage your undergraduate researchers to participate in this event.

Feel free to contact our office at ergp@k-state.edu if you have questions or suggestions on how we can support your activities.

Best wishes for a great 2015 spring semester!

Noel Schulz
Associate Dean for Research and Graduate Programs

Did you know?

ERGP staff offer numerous resources to faculty, staff and graduate students in the College of Engineering.

- Editing services
- Travel support for faculty
- Room scheduling
- Proposal prep for untenured faculty
- Matching
- Proposal prep for $1M+ proposals
- Travel support for graduate students

For more information on our services, please visit engg.k-state.edu/ergp/resources

February 2, 2015

Research highlight

NSF Major Research Instrumentation Grant award

The College of Engineering is pleased to announce that Daniel Andresen, associate professor of computing and information sciences, will serve as lead on a recently awarded National Science Foundation Major Research Instrumentation (MRI) grant. The grant, “Acquisition of an adaptive data cluster for data intensive applications in science and engineering,” is a $3,000,000, three-year project and is a cross-disciplinary effort with the college of Arts and Sciences and Agriculture.

News from our program

The ERGP office hosted a number of events for graduate students during the fall semester. The ENGG Graduate Student Advisory Council (GSAC) meets semi-monthly to explore networking opportunities for graduate students.

Safety highlight

The Office of Research and Graduate Programs is working to improve the safety culture in the College of Engineering by taking a more proactive approach to safety issues. Part of this process is to educate COE employees by providing more safety training. We have opted to use online training provided through J. J. Keller & Associates. It is available to all COE faculty, staff, graduate students and student teams. Currently, three online training courses are available: Hazard Communication (HazCom), Orientation to Laboratory Safety (Lab Safety) and Forklift Operator Safety Training. If you need to complete any of these trainings, email Lisa Lintel at lisa@ksu.edu. Numerous other safety training topics are available and may be offered as training needs for the COE are determined.

Research notice

On December 26, 2014, the federal Office of Management and Budget (OMB) issued the “Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards,” which is now known as Uniform Guidance (UG). The UG will affect all federal grants and contracts.
