Freshman/Sophomore Rep. Nathan Stern  sterno@ksu.edu

Today’s Seminar:
Tyson Fore & Todd Wimmer
Union Pacific Railroad
Presenting: Careers with Union Pacific

Tyson Fore
I am a second generation railroader who graduated with a Construction Science and Management Degree from Kansas State University in 2013. Following graduation I started in the Operations Management Training Program with Union Pacific. In April I was placed in my current role of Manager of Track Maintenance on the Falls City Subdivision.

Todd Wimmer
I am a third generation railroader who graduated with a Civil Engineering Degree from University of Nebraska at Lincoln. I began my career as a Field Engineer with the Southern Pacific Railroad and have held numerous engineering and transportation positions. Some of those positions include a track laborer, truck driver, Field Engineer, Dir. Of Track Maintenance, General Superintendent of Transportation, AVP of Structures and Track Assessment and now AVP Construction. I am currently in my 20th year of my railroad career.
About Union Pacific Railroad

Union Pacific Railroad is the principal operating company of Union Pacific Corporation (NYSE: UNP). One of America’s most recognized companies, Union Pacific Railroad connects 23 states in the western two-thirds of the country by rail, providing a critical link in the global supply chain. From 2007-2014, Union Pacific invested $25.8 billion in its network and operations to support America's transportation infrastructure. The railroad's diversified business mix includes Agricultural Products, Automotive, Chemicals, Coal, Industrial Products and Intermodal. Union Pacific serves many of the fastest-growing U.S. population centers, operates from all major West Coast and Gulf Coast ports to eastern gateways, connects with Canada's rail systems and is the only railroad serving all six major Mexico gateways. Union Pacific provides value to its roughly 10,000 customers by delivering products in a safe, reliable, fuel-efficient and environmentally responsible manner.

Do you want to be part of the AGC Student Chapter?

Fill out a membership application and return it to the AGC office. (If you have any questions be sure to email Bryce Yohn.)

Please be respectful and turn off your phones before seminar or Jim will find you.

Thank You

Fall 2015 Seminar Schedule

Construction Science

- September 17
- October 15
- November 12
- December 10

Upcoming Events:

January 9th-15th Alternate Spring Break

The KSU Student Chapter of the United States Green Building Council (USGBC) is pleased to host McCown Gordon Construction for a lecture and discussion of sustainable practices in our industry from a construction perspective.

Tuesday December 1st @4:30 in Seaton 237. Please come and learn about "green" building!

If interested, please contact:
Kenner Bowers at tkbowers@ksu.edu or Lance Putnam at laputnam@ksu.edu
