- Speakers: Dale Houdeshell

Company Profile

Manhattan Public Works

Dale Houdeshell

The Public Works Department provides the resources to efficiently manage and maintain programs those services and facilities that are vital to the community's health, safety, and welfare such as: streets and traffic control devices; storm drainage and flood protection systems; and public buildings. The Utilities Division makes its home in the Public Works Department.

ASCE Building Profile

Cowboys Stadium, which seats 100,000 fans, is an engineering marvel that goes to prove everything really is bigger in Texas. The sheer size of the 3 million-square-foot stadium is staggering. It boasts the most spectacular column-free room in the world, stretching a quarter-mile in length and tall enough for the Statue of Liberty to fit inside.

The stadium's 660,800-square-foot retractable roof can be open or closed, depending on weather conditions. It takes 12 minutes to open or close each roof panel and the roof opening is visible from an elevation of five miles. Two enormous arches, soaring 292 feet and weighing 3,255 tons each, support the roof.

Help Wanted

This year, Kansas State is the host of the Regional competition for Steel Bridge and Concrete Canoe. Volunteer helpers will be needed for these competitions. Make sure to keep free the dates of:

April 28-30

More information on helping will be made later.

Also, helpers will be needed for the Open House on:

April 16

These two opportunities offer great chances to get or stay involved with the Kansas State ASCE chapter.

Schedule

- February 3: Officer Meeting
- February 10: **MKEC** (Greg Allison)
- February 17: Officer Meeting
- February 24: **Assembly**
- March 3: Officer Meeting
- March 10: **Assembly**
- March 17: Officer Meeting (St. Patrick's Day)
- March 31: **Assembly**
